SECURITON

2. Engineering and Configuration Tools

Basic license:	**Limited access** for ADW Config software. Available with or without networking* visualization. Only read functions and the following write functions are possible: • Change the current program (e.g. X01-X03, A11,B11 etc.) No change of parameters in the X01-X03 programs. • Project texts • FW-download • RTC clock adjustment • Change the tool language
Programming license:	**Full access** to all available ADW Config software functions. Only available after Securiton training.
Networking license:	**Networking** Up to 250 ADW 535 can be networked between each other, in order to configure and visualize devices from one central location. The networking takes place via RS 485 with SIM 35 and SMM 535 or Ethernet. A combination of both transmission media is possible. The networking can be added to the Basis license and Programming licenses

Dongle order form available on the Securiton Homepage:
http://www.securiton.com

ADW HeatCalc

Description	Type	Art. Nr.
ADW calculation& planning tool, Configuration and test software. **Download from the Storebox / Partnerdata.**	ADW-HeatCalc	11-1300005-01-01

Dongle for Securiton Applications (without license)

Description	Type	Art. Nr.
Dongle for Securiton Applications (without license)	ULM-DP	VE100450
Dongle for Securiton Applications (without license) Pack of 5	ULM-DP 5	VE100451
